Capabilities Statement

XCEL Protective Services, Inc. has worked closely with the United States government to provide armed guard services for personnel, military installations, and critical government facilities. In the ever-changing world of national security, Xcel focuses on high-level security and safety programs that exhibit top-tier customized training and management to exceed government requirements and expectations. As an American and **Women-owned** security company, Xcel provides armed and unarmed guards, alarm and video monitors, roving patrols and armed waterborne patrol to DoD agencies including: **Department of Navy, Department of Air Force, Homeland Security, Social Security Administration, Bureau of Reclamation and Department of Labor.** Xcel utilizes state of the art security Guard management software for training, quality control, scheduling and guard route tracking. These systems allow us to provide exceptional service including real time monitoring of guards and vehicles.
